

## COEMAR TECHNICAL TIPS

FIXTURE:	<b>StripLite Led</b>	DATE:	18/07/2007
TITLE:	Safety hooks for StripLite	FROM:	info.design@coemar.com
REF:	Technical Office		

### 10 – Safety Hooks for StripLite Led

<b>ISSUE</b>	There were no safety hooks present on the first version of the StripLite Led.
<b>REASONS</b>	The fixture has been designed to be used on the ground.
<b>SOLUTION</b>	There is a new safety hooks kit (KIT153) available from Coemar upon request.
<b>AVAILABILITY</b>	<p>KIT153 is available starting from <i>July 2007</i> and is specific for the fixtures with the following serial no.:</p> <ul style="list-style-type: none"> <li>- from CO8041 0217 07001 to CO8041 0217 07024</li> <li>- from CO8041 0218 07001 to CO8041 0218 07020</li> <li>- from CO8048/2 0219 07001 to CO8048/2 0219 07080</li> </ul> <p>Safety hooks are standard on all fixtures following serial no. CO8048/2 0219 07080.</p>
