Mini **Led**ko

We took our flagship product and made it smaller. Much smaller. We are proud to introduce you to the new Coemar product family, Mini LEDko.
Thanks to Mini LEDko we can expand our offer and make available all the quality we offer with LEDko, in a much smaller body.
High power is not always necessary and this is why Mini LEDko was born. Anyone who needs a profiler with an incredible light emitted/power ratio must have our brand new Mini LEDko. We have thought of everything, from optics to mounting options, to communication protocols, to ensure that anyone can find the perfect product for their needs.
